Oct. 11 (Sat)	08:00-18:30
Oct. 12 (Sun)	08:00-12:00

PRACTICAL TIPS

Weather in October

The temperature in Hangzhou changes significantly in October. The weather can be hot during the National Day holiday, the first week of October, with the high temperature reaching 30°C (86°F), but the high temperature usually drops below 20°C (68°F) later that same month. Besides, it seldom rains in this month. As the autumn is short in Hangzhou, the weather turns cooler after each autumn rain.

Electricity

The electric current used in China is 220V 50Hz. Hotels provide 220V and 110V (shavers only) power outlets. For foreigners plug adapters and converters might be required.

Smoking

Smoking in indoor public places has been banned in China. The regulation extends smoking bans to include all indoor public areas and workplaces, plus a number of outdoor areas including schools, seating areas in sports stadiums and hospitals where women or children are treated.

Time

China covers five time zones – East Zone 5-9. Beijing time, which is in East Zone 8, is the only official time throughout the country; punctuality is highly appreciated.
