	14:50-16:10	PosterSession
	After 16:10	Remove your poster

Beijing

Weather in Nov.

Electricity:

The electric current used in China is 220V 50Hz. Hotels provide 220V and 110V (shavers only) power outlets. For foreigners plug adapters and converters might be required.

Smoking:

Smoking at indoor public places has been banned in Beijing from June 1, 2015 following the implementation of the toughest ever anti-smoking regulation in China. The regulation extends smoking bans to all indoor public areas and workplaces, plus a number of outdoor areas including schools, seating areas in sports stadiums and hospitals where women or children are treated.

Time:

China covers five time zones – East Zone 5-9. Beijing time, which is in East Zone 8, is the only official time throughout the country. Punctuality is highly appreciated.

For more information please refer to the official website <http://medsi2023.ihep.ac.cn>

If you have any questions about MEDSI 2023, please do not hesitate to contact us.
